Cam,

The status of the PRP/PROP: we have sent over the U.S. comments from the Annex Co-Leads and RWG to Canada. Canada is currently compiling a single final draft document with all the edits.

We'll be looking for a review of the document from you and Mike G possibly late this week, but more likely early next week.

(Latest U.S. PRP with U.S. edits is attached, just FYI.)

Hi Cam- It's great to be back, especially with so many GLWQA activities approaching!

You are correct, draft Annex presentations have been submitted to both U.S. and Canadian Secretariat for review. We can arrange to meet with you to review some time tomorrow. I can reserve a room so that we can collectively look at presentations on one screen, if that's something you'd prefer. Or, I can send them to you.

As for the PRP/PROP, it is my understanding that we are currently reconciling revisions that have been incorporated from our domestic vetting process. Jamie can speak more to this if I am unaware of anything different.

Subject: Annex Presentations

Welcome back from Labor Day!

I understand that Annex presentations have been submitted to us. Would it be possible for me to take a look at them? Will be in the office tomorrow after I get back from MI today re River Raisin and St Clair. Would like to do my part to help ensure anticipate questions we might get.

Also, any new progress on PROP?
